

Optimise Production & Profits With The Automated Mining & Quarry Control System

Tired of inaccurate and slow processes... production reporting and not being able to maximise your plants efficiency with your current systems or technology?

What Makes The Mining & Quarry Automated Control System More Powerful and Competitive than its competitors?

Developed by Gordyn & Palmer software engineers **this** State-of-the-art computerised automated system is both cost and production effective and can be used for:

- Plant operation and monitoring
- Percentage blending at desired tonnes/hour
- Automatic truck and bin identification
- Repeatable weigh accuracy
- Full product traceability
- 24/7 support & built-in diagnostics to minimize downtime
- Customised reporting
- Automatic crusher control interface
- Alarm and downtime summaries
- Mobile and tablet interface
- Real time production data via Intranet / Internet
- Online accessibility including cloud reporting
- Web server technology & Ethernet Communications
- Modular hardware & software, allows for ease of future expansion
- Seamless interface to ERP or other software packages

"Gordyn & Palmer were awarded the Electrical Engineering & Switchboards and PLC & SCADA tenders for our new rock crushing plant in Wyndham Vale.

This encompassed the plants electrical design, switchboard design & manufacture, and software design. G&P also undertook the High Voltage design and management required to supply the plants electrical demand. G&P were selected based on quarry industry experience and reputation, as well as relationships developed during initial plant concept discussions.

This project has confirmed our trust in G&P's ability to deliver a complete package. G&P have provided the customer service that is necessary to be successful in a project of this size."

Ivo Rigoni
Project Engineer
Barro Group Pty Limited

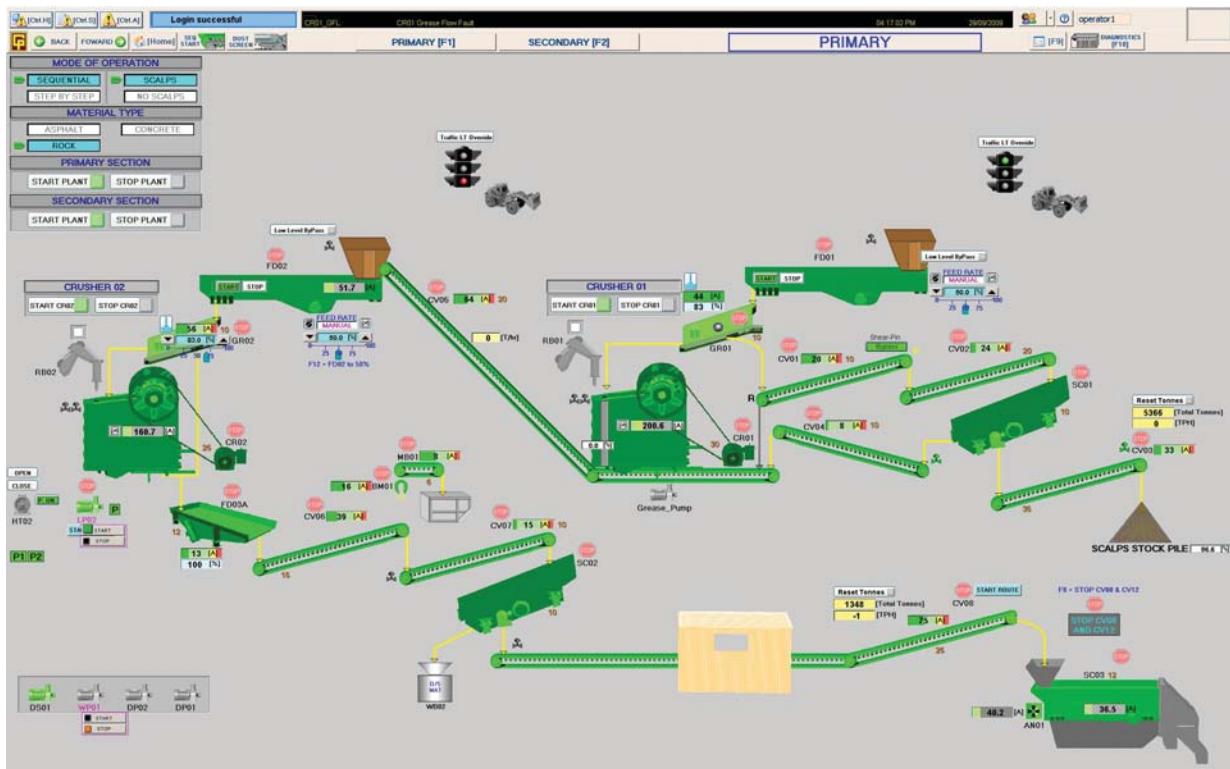

Gordyn & Palmer
Complete Electrical & Automation Solutions

Proudly produced and supported
in Australia by Gordyn & Palmer Pty Ltd

One System One Solution

With customised features and solutions for modern plant operations to increase production and profits call us on 03 9703 2477 to find out about how you and your plant will benefit using

Gordyn & Palmer over 40 years' experience.
